

## PADDLE MIXERS

### DEWALT DWD241-LX 110V DUAL HANDLE PADDLE MIXER

A durable mains-powered dual handle mixer from DEWALT. Ideal for a range of mixing applications such as plaster, render and epoxy.

The 3 speed, 1600W motor with variable speed dial and trigger provides great power and optimum control to suit a large range of applications, housed inside a dual-handle style body for ergonomics and ease of use.

- Dual handle design for complete control and comfort for prolonged mixing
- Standard M14 paddle connection for user preferred paddle
- Robust metal roll-cage protects against knocks and falls
